23th & 30th Aug
Viva exam days: 16th & 31st May
15th & 28th Nov

About

This course is specifically focused on all aspects of the Final FRCA exam, and complements the weekly local teaching programme and the CMFT Final FRCA course. It comprises:

- an introductory half day, outlining revision and SAQ exam strategies
- a two-month correspondence SAQ course
- RCoA-style MCQ papers to go through at home
- two study days, covering mock-SAQ papers, more MCQs, and mock- and interactive-SBAs
- a viva intro afternoon and two viva practice days

The emphasis of the course is on exam technique as well as knowledge, and the format has been fine-tuned over the years.

The course is free for ST trainees in the North West school, on the understanding that you contribute to the question bank, and help mark the correspondence course once the Final hurdle has been cleared. For non-NW trainees, there may be capacity to accommodate you- please email the address below to enquire.

Registration

Places are limited, so please make sure you register only for the dates prior to your FRCA sitting.

To do so, please reply to ebmthomas@gmail.com, stating your:

- name
- email address
- hospital
- the dates you wish to attend (see above)

We look forward to seeing you there!
